

Create cool envelopes using a template

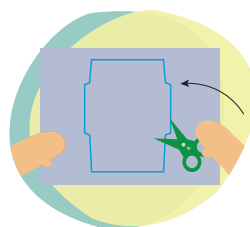

1. Cut out the template shape from the next page.

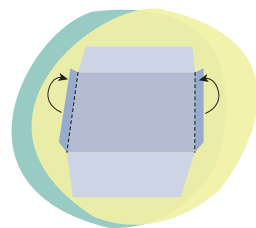

2. Trace the template onto the paper you want to use for your envelope with a pencil.

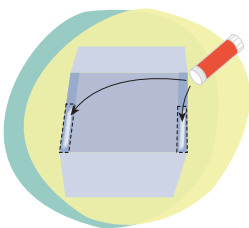

3. Cut out the shape you just traced.

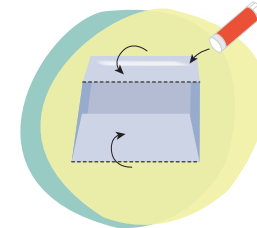

4. Fold the paper from corner to corner as shown.

5. Glue the two small sides to the big bottom flap.

6. Place your card or letter in the envelope and use a sticker or glue to seal it shut.

What you'll need:

Paper
Scissors
Pencil
Glue stick

Use this template to make your own special envelopes. Be green and creative, and make envelopes with an old map, wrapping paper, drawings or recycled paper.
